

Vaccinations: What Works and What Doesn't?

Join the five Maine Area Agencies on Aging in a community conversation about overall vaccination wellness for older adults and people with disabilities in Maine.

March 29, 2023, 12-1:30pm • In Person and Zoom • [Register here](#)

Keynote Speakers

From Maine CDC: Nancy Beardsley, Acting Director & Lindsay Hammes, Communications Director

Expert Panelists

Trinity Baker, Office of Aging and Disability Services • **Lane Simsarian**, Disability Rights Maine
Nélida R. Berke, Health Equity, Portland Public Health • **Cathy Bean**, Northern Light Home Care and Hospice
Adam Hartwig, York District Public Health Liaison

Event Goals

To learn from experts from Maine CDC and Maine healthcare and community organizations about

1. **Community partnerships and events that are most effective** in engaging these populations
2. The **outreach and education** most needed across Maine to encourage older adults and people with disabilities to get their annual wellness vaccinations
3. The **most needed supportive services** to help these folks with getting their annual vaccinations
4. Other **lessons learned** about vaccinations from the past few years

Event Structure

- Keynote address and Q&A with Maine CDC directors
- Expert panelists share their key lessons learned
- Participants engage in **networking group discussions** to share best practices, lessons learned, and challenges they've experienced within their communities

We hope you'll join us and share your insights!
